- Application Development & Collaboration
- Debugging/Troubleshooting
- Understanding of Healthcare Industry
- Fluency in Medical Terminology

Professional Experience

Software Developer, IVOYANT LLC, AT&T CRICKET, Atlanta, GA   Feb 2020 to Present

Working mostly as a React Developer for AT&T Cricket in a contract role through iVoyant LLC.

Project Highlights:

- Will handle maintenance and development of tasks related to front-end.

Partner and Manager, KIM FAMILY LLC, Ellicott City, MD   Jun 2008 to Present

Kim Family LLC is a family real-estate investment and management business.

Project Highlights:

- Aiding all efforts to manage assets effectively, including financial matters, research and decision-making, and daily maintenance.

React Intern, HEARBK, Atlanta, GA   Dec 2019 to Feb 2020

Collaborated remotely with lead developer on two-person development team to build mobile application for Atlanta-based startup intending to provide a platform for aspiring artists to be heard by uploading their music and gaining recognition from top music influencers and fans.

Project Highlights:

- Worked with MERN-stack to make responsive and interactive mobile application.
- Continuing assistance in any role, including maintenance and troubleshooting.

Professional Experience (continued):

Assistant Manager, THE TUTORING CENTER, Johns Creek, GA   Nov 2018 to May 2019

Assisted owner of tutoring center franchise specializing in instruction of K-12/SAT/ACT students.

Project Highlights:

- Coordinated all tutor, ran front desk, opened and cleaned center daily.
- Taught whenever necessary, including SAT/ACT at times.

Senior Analyst Advisor, IFPA INC., Teaneck, NJ   Jan 2017 to Nov 2017

Junior Analyst   Sep 2016 to Dec 2016

Managed company database and contributed to inventory management efforts. IFPA is a large-scale, worldwide parts-manufacturer and distributer, and the main supplier for Herman Miller.

Project Highlights:

- Aided in research efforts regarding product development and cost allocation.
- Attended meetings and gave presentations regarding research findings.

Healthcare Experience

PRN/Tech, CCDDC, Westminster, MD   Aug 2015 to Oct 2016

Briefly worked with 10+person patient-care unit of Carroll County Digestive Disease Center to gain work experience during nursing school.

Project Highlights:

- Learned how to prioritize and multi-task work duties properly in facilitating optimal teamwork.

Student, Registered Nursing Program, HCC, Columbia, MD   Jan 2015 to May 2016

Three semesters of the RN program at Howard Community College; I was unhappy and did not enjoy the program while I was in it, so I decided to pursue a career change.

Project Highlights:

- Coordinated with nurses to provide full patient-care throughout acute/long-term care facilities.
- Practiced proper documentation methods and adhered to specific healthcare provider protocol.

PT Shadow, CENTRAL MARYLAND REHABILITATION, Westminster, MD   May 2011 to Jun 2013

Shadowed several physical therapists and physical therapist assistants and assisted when needed.

Project Highlights:

- Recorded well over 250 total hours of shadowing.

Education

Howard Community College, Columbia, MD

UMBC, Baltimore, MD

Bachelor of Arts in Biology, GPA: 3.296, Aug 2012

Boston College, Chestnut Hill, MA
